LOWER STONDON

Plot 1, The Sidings

Lower Stondon

Bedfordshire SG16 6FJ

Guide Price £1

The Sidings is an exciting development of just three individual homes, all built to to an exceptionally high standard and with an enviable specification.

Approached from a private driveway, The Sidings is well placed for many local amenities and excellent communication links. The thriving market town of Hitchin is easily accessed. This provides extensive shopping and a fast and frequent train service to London's Kings Cross and St Pancreas Stations (Approximately 30 minutes).

Plot 1 is a deceptively spacious, detached chalet style home of around 130sqm (1398 square feet) with a flexible arrangement of living accommodation over ground and first floors. Great care and attention to detail with future proofing the layout of the property has been taken. Therefore in our opinion it is ideally suited for a couple or those looking to downsize.

The accommodation on the ground floor features a spacious entrance hall with a cloakroom and turning staircase leading to the first floor. A large double sized bedroom or separate sitting room with an adjoining en suite wet room future proofs the properties long term flexibility. There is a very impressive open plan social "L" shaped fitted kitchen with dining and living areas under a partly vaulted ceiling plus built in Bosch appliances, central island, quartz work tops and bi folding doors providing direct garden and patio access.

Upstairs there is a large double main bedroom with an en-suite plus an additional double sized third bedroom and large family bathroom.

The property is approached via a private driveway through five bar double entry gates. A block paved driveway provides ample parking plus access to an integral car port with boiler room.

Viewing of this practical home is highly recommended.
